Umbrellas!

An umbrella on a rainy day, a parasol on a sunny day and a walking stick on a long day – these gorgeous umbrellas are, above all, a chic accessory. Each umbrella has a natural wood handle and come in bright pink with red roses, white and black with white roses and black and coffee with coffee roses. Embroidered with little roses, they are exceedingly sophisticated. The white umbrella is lined with black as recommended by wedding photographers so as to capture the bride in all her glorious detail. Glamorous enough for any bridal party, they are available exclusively from The Mulberry Tree.

The search for Ireland's top vets and vet nurses has started with the launch of the 7th National Stronghold Veterinary Pet Care Awards. The annual quest for Ireland's 'Dr Doolittle' or 'Jane Herriott' invites pet owners and members of the public to write stories about their dramatic, funny and sometimes terribly sad experiences with their pet and their vets.
